WEBSITE MASTER CHALLENGE

Pitch your skills in creating the most attractive and exciting website for a “Client”

If you are really good, you stand to win one of the following prizes –

Grand Prize: RM1,500.00 , *plus a certificate of merit*

First: RM1,000.00 , *plus a certificate of merit*

Second: RM500.00 , *plus a certificate of merit*

The “Client” – A new Malaysian company about to manufacture and market globally, revolutionary energy saving devices and systems that would save the world’s environment from extensive pollution, mass destruction and the over-dependence on the depleting fossil fuel.

The “Client’s” products are divided into the following –

- a) **FOR CURRENT INTERNAL COMBUSTION ENGINES (ICE)** used mainly in vehicles, especially in public transport sector such as buses, trains and ferries – a retrofit system that breaks down water on proportionate demand into hydrogen and oxygen feeds the potent hydrogen into the ICE thereby initially and immediately reduces more than 50% of fossil fuel used.
- b) **FOR COMMERCIAL APPLICATION** – to generate electricity using a specially designed hydrogen powered system that will eliminate the discharge of carbon and heat into the atmosphere. It is also possible to eliminate the need for power plants that use highly toxic, expensive and dangerous nuclear materials, harmful emission fossil fuels and nature destructing dams.
- c) **FUTURE** – ICE that uses only pure water goes into full production, hydrogen-powered airships, self-generated electricity for homes and production of hydrogen and oxygen for all types of commercial, medical and general applications.

The “Website” –

- a) To reflect the highly advanced, environment friendly and revolutionary company.
- b) To reflect global nature of the business.
- c) To be very attractive, user friendly and distinctive.
- d) To be able to keep readers wanting to read more and stay on the website for long periods of time.
- e) To incorporate buttons for common activation on “About Us”, “Products”, “News & Events”, “FAQ”, “Network”, “Career”, “Contact Us”.
- f) To be able to contain a lot of information and diagrams without being too cluttered.
- g) To be able to fulfil the needs of readers ranging from the non-technical minded to the highly technical minded.
- h) To be easily updated and upgraded.
- i) To maintain a distinctive and niche corporate image throughout.
